ECE - Beiblatt / ECE Supplement

Zugelassenes System / Approved system:

A technical line drawing of a robotic arm assembly. The assembly consists of a central base with two grippers, a central joint, and two articulated arms with grippers at the ends. The drawing is a black and white line art, showing the mechanical structure and joints of the arm. The base is at the top, with two grippers extending downwards. The central joint is in the middle, and the two articulated arms extend outwards and downwards from the joint. Each arm has a gripper at its end. The drawing is a top-down view, showing the layout of the arm and its components.
